I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I am a 67 year old woman dependant upon natural hormone compounds because my system will not tolerate artificially compounded hormones. I receive my medication 8 months from out of state and my local physician follows my progress. I strongly object to any kind of regulation which would prevent or restrict my receiving my medication in this manner.
